JASMINE RISTEVSKI

Designer

Jasmine joins Brisbane office as a Draftsperson. With a strong background in administration and hospitality, Jasmine is exceptional with being organised and staying on top of her workload. Having completed a Certificate 3 in Business, Jasmine is now completing a dual diploma in Building Design and Interior Design. Her role has her spending much of her time working on her computer or sketching up ideas or printing.

Having joined the team in February 2022, Jasmine loves working in a small office with the close-knit team as it gives her the opportunity to collaborate with others, share ideas and learn from those around her. Jasmine is proud of being offered a position within the BRD Group while she completes her study as this gives her perspective and a chance to utilise the theory she is learning in real time. In the future, Jasmine plans to get more involved in not only design work but also interiors as she feels drawn to both elements. Her social media feed is full of design inspiration, keeping her across new trends as they emerge, giving her an edge in her studies and her work.

A fan of the Friday team lunches, Jasmine feels incredibly lucky to be in an environment that encourages and supports ongoing learning and professional development. It is her first experience working for a company where she finds herself surrounded with a team that is patient and helpful and willing to support the growth and learning process, which encourages everyone to really be the best they can be.

Jasmine lives at the northern end of the Gold Coast with her cat and two dogs. Jack and Jess are her kelpies that need lots of attention and love when Jasmine can take them to the park or beach for a run, lucky for them, Jasmine loves the beach too! She has a self-confessed obsession with Asian food and could recite every word in all the Adam Sandler movies. She hopes to travel more in the future with Japan and Europe in her sights.
