

KINGS PALAZZO

MULTI-RESIDENTIAL DESIGN

LOCATION Caloundra, Sunshine Coast
YEAR 2011

Kings Palazzo is a six-storey unit complex at Kings Beach on the Sunshine Coast.

Designed for the coastal lifestyle, this multi-residential design features four levels of standard units, and two levels of penthouse units.

This high quality complex provides well articulated clean façade lines, and utilises a subtle colour palette which overall enables the building to provide a presence but also be unimposing to its neighbouring developments.
