

SUNSHINE COAST RESIDENCE

RESIDENTIAL DESIGN

LOCATION Sunshine Coast, Queensland
YEAR 2015

From the humble colonial brick start, this Sunshine Coast residence has experienced an astonishing transformation into a stately presence.

Expanded to include five bedrooms, including a grand 85sqm master suite, various living and entertaining spaces, a designated 'pub feel' games room, fully equipped gym, pool pavilion, tennis court cabana, and diverse outdoor entertaining and activity zones.

With oversized industrial windows and an arched porte cochere, this house achieves an established site presence.

A stacked stone facade feature wall with flawless workmanship and detailing proves a commanding presence to the landscaped surrounds.

The overall design is grand from the approach to the finer detailing, a truly unique residence on the Sunshine Coast.
