

# CAMERON LINCOLN

Principal Building Designer  
Sunshine Coast Office Manager

Cameron is the newest Director to join the BRD Group team, bringing with him decades of practical industry experience coupled with his passion for aesthetics, functionality and ingenuity. Originally a carpenter by trade and having previously held his open building license, Cameron brings knowledge and experience through various capacities however since the early 2000's his heart has been in building design. Driven by his love for design, Cameron launched a local building design company on the Sunshine Coast in 2008, specialising in residential projects. He successfully ran this business until the decision to merge with BRG Group in 2020.

Holding a low-rise Building Design license with the QBCC, Cameron is our specialist in residential projects. Having experience as a carpenter and registered builder, Cameron certainly has a competitive advantage over other designers as he views projects not only from a design perspective but also applying structural integrity and practical implementation of the build into the design concepts. A current Chairman and Delegate of the Sunshine Coast Building Designers Association of Australia, Cameron is on a constant learning journey, always honing his skills, advancing his knowledge and sharing that insight with the team around him.

Cameron thrives on the diversity and the fast pace within his day. Leading a team of professionals that are excited and motivated to sink their teeth into any project that comes their way, while liaising with clients that trust and rely on his expertise is both rewarding and challenging alike. Surrounding himself with a team that hold diverse skills and abilities, Cameron promotes the collaborative approach and likes giving the team opportunities to explore their own ideas in a way that will educate and inspire.

Cameron grew up in Central Queensland, across Yeppoon and Rockhampton, but settled on the Sunshine Coast in 1994. He attributes his love for the Coast to the proximity of Hinterland to the beaches, giving a lifestyle with the best of both worlds. When he is not at work you can find Cameron playing golf, taking a walk on the beach with his jack russell named Lucy or possibly even slow cooking a nice cut of meat topped with his home-made sauces.
