

# BROOKE RANDALL

Designer

Brooke has been with the BRG Group team for the last two years and in that time has become a valuable member of the team. With four years industry experience, Brooke has completed a Diploma in Interior Design and an Advanced Diploma in Interiors and Building Design. She will be the first to admit that for her, she isn't just working for money, she is working because she truly enjoys designing and learning and developing new skills that will keep making her more capable and competent.

Each day is different for Brooke as she dances between design and interiors in the tasks she is allocated. Brooke enjoys the variety and loves that every day she can be learning new techniques, receiving new information and accumulating fresh skills. Surrounded by like-minded people, Brooke boasts about the atmosphere in the office and the collaborative environment in which she works, stating how lucky she is to have secured a job on the Sunshine Coast in the field she has studied.

Working predominantly on interior design jobs, Brooke also enjoys drafting jobs for building designs and has more experience on taverns and retail designs at this stage, however she is excited about working on multi-residential projects in the local area. In the future Brooke hopes to take on more responsibility within BRD Group as she cannot imagine herself working anywhere else. She feels her biggest accomplishment to date would have to be completing her first design after completing her studies, not due to the lack of other tasks she has completed since then but rather about how rewarding it was to have the first job done.

A Sunshine Coast lifetime local, and lives with her partner and golden retriever Alfie. In her time off you will find her taking Alfie to the beach or spending time with friends and family. She loves the outdoors and enjoys hiking, with her favourite hiking spot being Beerwah. She can't say no to a Mexican feast and can see herself travelling to Paris one day.
