

NOOSA HEADS RESIDENCE

RESIDENTIAL DESIGN

LOCATION Noosa Heads, Queensland
YEAR 2003

Noosa Heads Residence is a stunning abode, straight from our early archives.

Perched upon the crest of Noosa Hill, this residence encompasses idyllic 270-degree views of Mt Coolum, Noosa River and Mt Tinbeerwah and required over 1,300 tonnes of concrete during construction.

The home features off-form concrete and polished concrete flooring throughout, an art gallery style foyer with lift access to the top floor where you will find an expansive open-plan kitchen, indoor/outdoor dining and living spaces, swimming pool, home office and master suite.

The lower level consists of three bedrooms, secondary living area, an outdoor entertaining deck with expansive views of Noosa River and the hinterland, and indoor gym.
