

# ORMEAU COMMERCIAL

COMMERCIAL DESIGN

LOCATION Ormeau, Brisbane  
YEAR 2015

The brief for this mixed use site was to include a 7 Eleven service station, KFC fast food outlet, Zarraffa's drive-through, and two medical tenancies.

A comprehensive design process was required to incorporate all of the various tenant structures and guidelines into the development.

The completed project efficiently utilises the site that initially had some challenging topography, overall creating a mixed use development that flows extremely well and has tenancies that feed off one another.
