

COOLUM SURF CLUB

HOSPITALITY DESIGN

LOCATION Coolum Beach, Sunshine Coast
 YEAR 2015 / 2021

The Coolum Surf Club undertook a complete refurbishment including entirely revamped social facilities, which allowed for almost double the patronage, redevelopment of their 'Nipper' amenities, gear storage, reception/admin, and member training rooms.

The upper level of the building required the most change, with new amenities, function rooms, main bar, gaming room, TAB, kitchen and storage, various dining areas and extensions to the external dining decks.

NEW MEMBERS AREA

The design outcome for the new members area resulted in a vibrant day use area for active club members, complete with an idyllic outlook to Coolum Beach.

This area of the club feeds off the internal multi-purpose rooms, kitchen/cafe, and amenities, ultimately tying in with the rest of the club design.

Overall this area provides active members with their own designated space to enjoy the camaraderie that the club encourage.
