

BELLA GRACE EARLY LEARNING CENTRE BRIGHTWATER

PUBLIC DESIGN

LOCATION Brightwater, Queensland
YEAR 2012

The Bella Grace Early Learning Centre at Brightwater is a high-standard child care facility, catering for 75 children aged 6 months to 5 years of age, and includes after school care facilities.

The centre was designed to include separate outdoor play areas for each age group, and features spacious staff facilities and maximum storage areas.

The aesthetics for the centre were chosen to compliment the Brightwater town centre and the nearby school, with a combination of low maintenance, pre-finished, heavy and light weight finished used.

Overall, the building has a great street presence and is immediately recognisable for its end use.
