

MONTEREY APARTMENTS

MULTI-RESIDENTIAL DESIGN

LOCATION Maroochydore, Sunshine Coast
YEAR 2013

Monterey is an award-winning multi-residential design that is split between two buildings to maximise street frontage.

The resulting design of having two separate buildings allowed for excellent vehicular and pedestrian access to and within the site as well as it also allowing all units to have a street frontage aspect.

The final design also included extensive roof terraces for the four penthouse units, large basements, and large ground floor units with extensive balcony / courtyard space.
